

JARED JEKYLL

An accomplished musician, writer, performance artist and comedian, Jared Jekyll approaches live performance with reckless abandon, throwing caution (and his filter) to the wind. On stage his skillset seems limitless, blending music, beatboxing, rapping, magic tricks and most importantly a steady stream of witty jokes delivering a live comedy performance that is not for the faint hearted!

Jared's comedy prowess has cemented him as a familiar face on the Australian comedy circuit and a sought after support act having recently opened for **Tom Green** (CAN), **DJ Douggpound** (USA) and **Ari Shaffir** (USA). In addition to supporting international comedians, Jared has opened for US hip hop superstar **DMX**, rapped up a storm on **Triple J**, featured on the **comedy channel** and most recently has been the face of **ANZ apple pay** and **AMF bowling**. Jared is also no stranger to the festival circuit having performed at four **Melbourne International Comedy Festival's**, **Perth's Fringeworld Festival**, **Rottofest**, **Sydney Comedy Festival** and **Sydney Fringe Festival**.
